

Engineering Better Tomorrows

Years of Excellence

High Quality Cast & Ductile Iron Auto components

Mission

At KISWOK our mission is to use innovation in engineering products to address the complex and dynamic demands of customers without creating an environmental payload. Manufacturing high quality products at optimal price points is an integrated long term strategy.

Vision

To become one of the most respected and valuable brands in the castings industry in India by the year 2012.

Credentials

KISWOK has received certificates from TATA Motors for 'The Highest turnover' and 'Highest Ramp-Up Capacity'

The British Standards Institutions, UK has certified KISWOK as an ISO 9001 company.

KISWOK is expected to get the TS 16949 accreditation in the near future.

The Company

Established as Kejriwal Iron & Steel Works in 1957, KISWOK has in the last 50 years established itself as one of the leading manufacturers of Ductile and Cast Iron products in India. KISWOK has honed and perfected its processes and tirelessly worked on quality aspects to become a formidable force in the industry and a global supplier of top quality products. The versatility and depth of product knowledge, coupled with innovation in design has been the driving force behind the stupendous success the company enjoys.

Our engineering achievements, have allowed the creation of the KISWOK Range which covers diverse sectors like Automobiles, Agricultural, Utilities, Engineered Castings and other industries. KISWOK's stakeholder-and-supplier relationships have never been stronger, or more recognized and openly welcomed on a trans-Global scale.

KISWOK is in the process of setting up a completely integrated CNC Machining Plant, where 3 CNC Vertical Turret Lathes have already been installed. KISWOK will be machining almost its entire production of 3500 tonnes by the end of 2010.

Shri S S Kejriwal, Chairman, Kismok Industries Pvt Ltd receiving the trophies for 'National Export Excellence' from Presidents of India.

For over 30 years the company has exported superior castings to developed markets of the UK, USA and the Middle East and won trophies for 'National Export Excellence' twice from the President of India.

The KISWOK Automotive & Industrial Casting Range

KISWOK produces top of the line automotive castings with quality standards that are unmatched the world over. Fine samples from KISWOK's repertoire of castings are displayed below:

Brake Drum

Differential Case

Differential Cover

Rear Hub

Dummy Hub

Gear Box Housing

Brake Lever Shoe

Lube Oil Pump Casing

Fuel Pump Support

Housing Body

Lower Housing

Housing

KISWOK is already supplying the above mentioned castings to the Automobile, Sanitary, Agricultural, Railway and Waterworks Industries and has adequate infrastructure to produce 4000 Tonnes of ferrous castings every month.

KISWOK Brake Drum range for Buses, Army & Commercial vehicles

KISWOK has the ideal infrastructural facilities to produce the range mentioned above. It includes High Pressure Moulding Line for Casting, CNC Vertical Turret Lathes for Machining and a 2 Plane Machine for Balancing of the products. KISWOK is capable of producing 40,000 pcs of fully Machined Drums every month.

Facilities

KISWOK has a state of the art factory near Kolkata where high quality casting components are manufactured.

HFM

Flaskless High pressure Moulding Line
(820x820x560mm @ 90 moulds/hr)

Laempe

Laempe Core shooters with 5 ,10 , 40 Litre capacity

Melting

8 tons/hr melting with 5 melting units

Shot Blasting

Hanger Type Shot Blasting

Sand Plant

100 Tons/hr Sand Mixing Capacity

Jolting

2 sets of ARPA 450 and 1 set of ARPA 900 simultaneous jolt squeeze machine

Machining

3 VTL's to machine components of diametre upto 600 mm

Lab

Latest Equipment like Spectrometer, Microscope and Hardness Testing with Image Analyzer
